Research Analysis

The policy committee recommendation to HB 1515 requires registered voters to provide a statement explaining why they cannot vote early in-person or on election day due to certain reasons as outlined in the measure and directs the State Election Board to provide a standardized form for this statement.

Reasons to request an absentee ballot as outlined in the measure include:

- Absent from the jurisdiction;
- Illness or disability;
- Employment-related;
- Education-related;
- Military service;
- Religion;
- Serving as an election official;
- Being 75 years of age or older; and
- Serving on jury duty.

Failure to submit the statement will result in denial of the absentee ballot application. The measure further requires that absentee ballot applications specify the election date for which the ballots are requested and establishes that applications are valid only for the elections on that specified date.

Fiscal Analysis

The policy committee recommendation to HB 1515 does not materially alter the prior fiscal impact statement. Any cost associated with implementation of the measure is anticipated to be minimal and absorbed by existing agency resources within the State Election Board. Therefore, the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
