Fiscal Analysis

HB 1979 establishes the Early Childhood Task Force to improve service access and delivery to families and children and increase the quantity of high-quality early childhood services.

The full proposed committee substitute increases the number of Task Force members; however, because members will serve voluntarily, there is no change in the fiscal impact from the previous analysis. State agency employees appointed to the Task Force may claim reimbursements, such as travel expenses, from their agency's budget. Therefore, HB 1979 does not increase potential reimbursement claims or directly impact the FY27 state budget.
