**Research Analysis**

The policy committee recommendation HB 2807 amends the definition of owner to specify it only means persons and entities listed. The polpcs2 also removes that an employee conducts any other additional business for the benefit of the a medical marijuana commercial license holder. The measure excludes drinks in the products sold to dispensaries only in pre-packaged forms and weights. HB 2807 provides that OMMA will issue transporter licenses upon proper application by a licensee and determination by the Authority that the proposed site and facility are physically and technically suitable. The measure allows a licensed medical marijuana transporter to maintain and operate one or more warehouse provided they have applied for and received a permit for each warehouse location. The Authority will issue an annual permit for each warehouse location there will be no limit to the number of permits issued under a medical marijuana transporter license. If found that the site is not physically or technically suitable, the Authority will deny to the permit. All temporary storage in warehouses must be documented, tracked, and traceable in the state-mandated seed-to-sale tracking system. Medical marijuana transporting warehouses are required to maintain copies of inventory manifests and logs received from seven years from date of receipt.
