**Research Analysis**

HB 3047 as introduced, establishes that any state agency reports statutorily required to be sent to the legislature to be electronically filed with the Legislative Office of Fiscal Transparency (LOFT). LOFT is directed to establish an online filing system for the reports that includes an index of required reports and their submittal status. LOFT must notify the legislature when reports become available.

**Fiscal Analysis**

House Bill 3047 requires the Legislative Office of Fiscal Transparency (LOFT) to create a certain online filing system. Per LOFT, such implementation can be accomplished using the time and talents of existing staff. Therefore, the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
