**Research Analysis**

The policy committee substitute to HB 3148 adds a definition of "unidentifiable" as used in the Oklahoma Vehicle License and Registration Act to mean that the uniqueness of a motor vehicle or motor vehicle part cannot be established by either expert law enforcement investigative personnel specially trained and experienced in motor vehicle theft investigative procedures and motor vehicle identification examination techniques, or by expert employees of not-for-profit motor vehicle theft prevention agencies specially trained and experienced in motor vehicle theft investigative procedures and motor vehicle identification examination techniques. The measure requires a title inspection for out-of-state vehicles offered for sale at salvage pools or auction to be completed by an employee of the salvage pool, salvage disposal sale, auction, dealer, licensed automotive dismantler and parts recycler, or a licensed operator. If the VIN does not match ownership records, an inspection must be conducted by law enforcement or an agent of the National Insurance Crime Bureau. The fee for inspection by employees of salvage pools, salvage disposal sales, auctions, dealers, or licensed automotive dismantler and parts recyclers is to be \$1 to be remitted to Service Oklahoma. Falsification of an inspection form may result in the suspension or revocation of licensure.
