Research Analysis

HB 3279 as introduced, establishes that only purchase contracts of \$25,000 or more must include a statement certifying that no person arranging the contract received any gifts or benefits in exchange for securing the contract or had any financial or personal interest in the contract. The chief executive officer or head of the contracting agency can appoint an employee as a contract signatory designee.

Additionally, any state officer or employee authorized to enter into contracts under the Oklahoma Privatization of State Functions Act is prohibited from working for a business involved in that contract for one year after its effective date. If this is violated, the contract can be terminated and the business is to be prohibited from entering into contracts with the State of Oklahoma or its political subdivisions for three years.

Lastly, the measure clarifies that state agencies are prohibited from entering into contracts with anyone who has been terminated by the agency or left the agency for one year.
