Research Analysis

HB 3378, as introduced, temporarily modifies the length of the terms that some members will serve on the Oklahoma Science and Technology Research and Development Board. Beginning June 30, 2026, two of the Governor's appointments, one of the Senate Pro Tem's appointments, and one of the Speaker's appointments will serve two year terms instead of four year terms. At the expiration of the two-year term, those board positions shall resume serving four-year terms.
