**Research Analysis**

The proposed policy committee substitute for HB 3501 requires the Alcoholic Beverage Laws Enforcement (ABLE) Commission to issue multiple licenses for manufacturing beverages on the same premises if the applicant is in good standing with the ABLE Commission and the Oklahoma Tax Commission. Nothing in this section will be construed to apply to the issuance of distribution or wholesale licenses. Applicants for an additional license must obtain all necessary federal permits and approvals from the Alcohol and Tobacco Tax and Trade Bureau for an alternating proprietorship or premises arrangement. The applicant must notify the ABLE Commission of its intention to operate an alternating proprietorship or premises when applying for the second and subsequent licenses on the same premises. License holders operating under such arrangements must abide by the laws relevant to the licensed under which they are producing the corresponding beverage. The ABLE Commission must promulgate rules to authorize alternating proprietorship or premises arrangements.
