Author:	Hefner
Date:	2/16/2026
Impact:	Please see previous summary of this measure

Research Analysis

The second proposed subcommittee substitute for HB 3904 requires the Oklahoma Medicaid Program to reimburse for prenatal, delivery, and postpartum services separately in lieu of a global payment or an all-inclusive payment methodology for maternity services. Those services include without limitation office visits, lab fees, physician-ordered testing, blood work, fetal nonstress tests, and continuous glucose monitors or other services for gestational diabetes, when medically necessary.
