

BILL SUMMARY
2nd Session of the 60th Legislature

Bill No.:	HB 3928
Version:	INT
Request Number:	15930
Author:	Worthen
Date:	2/9/2026
Impact:	Please see previous summary of this measure

Research Analysis

HB 3928, as introduced, provides that a vision benefit plan or any designee must reimburse licensed optometric physicians for covered services at a rate not less than the 60th percentile of usual and customary charges for the same services or materials in the same geographic region. The measure adds that any increase in reimbursement for covered services will not offset by a decrease in reimbursement for ophthalmic materials such as frames, lenses, and contacts unless these changes are uniformly applied to all providers. These entities must also not reduce reimbursements to providers for using nonaffiliated labs or frame vendors if they meet standards. These entities will be required to disclose average reimbursements to affiliated and independent providers for both services and materials.
