Research Analysis

The engrossed version of SB 1031 provides that the provisions of this section of statute relating to alcoholic beverage licenses will not prohibit the issuance of a beer distributor license held by a wine and spirits wholesaler, a wine and spirits wholesaler license held by a beer distributor, or a beer distributor license to any form of partnership authorized by Title 54 of Oklahoma Statute.

Fiscal Analysis

The Engrossed version of SB1031 expands the list of establishments for which the issuance of certain alcoholic beverage licenses shall not be prohibited. In its current form, this may have an unknown positive revenue impact on the Alcoholic Beverage Licensing Enforcement Commission (ABLE) as they may collect additional fees related to these licenses, but is expected to be budget neutral to state and agency appropriations.
