**Research Analysis**

The floor amendment for SB 1031 provides that a beer distributor licensee and wine and spirits wholesaler licensee under common ownership will not be limited in the types of business entities which may obtain a wine and spirits wholesaler license. Nothing in this will be construed to apply to a retail spirits license.

**CHANGES IN FLOOR SUB VERSION FROM ENGROSSED VERSION:**

The floor substitute for SB 1031 amends the same section of statute, but adds different language as compared to the engrossed version.

**Fiscal Analysis**

The Engrossed version of SB1031 expands the list of establishments for which the issuance of certain alcoholic beverage licenses shall not be prohibited. In its current form, this may have an unknown positive revenue impact on the Alcoholic Beverage Licensing Enforcement Commission (ABLE) as they may collect additional fees related to these licenses, but is expected to be budget neutral to state and agency appropriations.

The FA1 deletes all previous language of the measure. As amended by the FA1, the measure now sets forth that certain licensees shall not be limited in the types of business entities which may obtain a wine and spirits wholesaler license. This does not change the fiscal impact of the measure.

**Other Considerations**

None.
