

BILL SUMMARY
1st Session of the 60th Legislature

Bill No.:	SB1039
Version:	POLREC-AMD1
Request Number:	
Author:	Rep. Cantrell
Date:	4/16/2025
Impact:	\$0

Research Analysis

The amendment to the policy committee recommendation for SB 1039 provides that the Authority must deny any application that has been resubmitted more than twice with any errors or omissions not clerical or typographical.

The policy committee recommendation for SB1039 adds that for applications for a transporter license, initial dispensary license, initial processor license, or laboratory license, the Authority will invoice notify applicants in the same method and manner the application was received about any additional licensing fees owed. The polrec also required applications and licensees to remit all required license and application fees in full within 45 days of notification by the Authority. Failure to do so will result in the denial of the application. The measure also requires applicants and licensees for all medical marijuana business, research facility, education facility and waste disposal facility licenses to remit all required license and application fees in full within 45 days of notification, noting that failure to do so will result in the denial of the application.

SB 1039 provides that medical marijuana patient application may only be rejected or denied based on the applicant not meeting standards set forth, completing the application improperly, not paying license or application fees, or for a reason provided for in the Oklahoma Medical Marijuana and Patient Protection Act and in statute. If an application is rejected because required information was not provided, the applicant will have 30 days to submit the required information for reconsideration. Unless determined otherwise, a resubmitted application with errors or omissions not clerical will be denied. The Authority will also deny any application that has submitted more than once with any errors or omissions not clerical or typographical in nature. The measure also provides that a lack of certificate of occupancy will not be the sole cause of the denial of an application for a medical marijuana business application.

Fiscal Analysis

The policy recommendation to SB 1039 outlines the conditions under which the Oklahoma Medical Marijuana Authority (OMMA) is authorized to deny an applicant's medical marijuana patient or business license application. The provisions of the measure are not anticipated to have a direct fiscal impact on the state budget or appropriations.

The amendment does not change the fiscal impact of the measure.
