Research Analysis

The engrossed version of SB 1066 requires the Oklahoma Medical Marijuana Authority to maintain a registry of recommending physicians. Beginning Jan. 1, 2026, a physician has to be registered in order to be able to provide a medical marijuana recommendation to a licensed patient. The physician must meet requirements to be registered and complete medical marijuana medical education prior to being on the registry, education which must be completed annually. The Executive Director of the Authority will promulgate rules and may consult with the State Board of Medical Licensure and Supervision, the State Board of Osteopathic Examiners, and the Board of Podiatric Medical Examiners.

Fiscal Analysis

SB 1066 requires physicians to be registered with the Oklahoma Medical Marijuana Authority (OMMA) to be eligible to provide medical marijuana recommendations to licensed patients. The measure directs OMMA to create and maintain the registry and to promulgate rules establishing initial and continuing medical education requirements for recommending physicians. The agency anticipates utilizing current staff to build and maintain the registry. Therefore, in its current form, SB 1066 is not anticipated to have a direct fiscal impact on the state budget.
