**Fiscal Analysis**

The subcommittee recommendation to SB 1090 transfers the Invest in Oklahoma program administration to the State Treasurer. In addition, the measure modifies Cash Management and Investment Oversight Commission membership, strikes language creating the Executive Review Committee of the Cash Management and Investment Oversight Commission, and authorizes certain investment practices regarding the State Treasurer. The measure merely transfers a pre-existing program and does not carry any budgetary or revenue considerations for the state. Therefore, the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
