Fiscal Analysis

The Oklahoma Tax Commission has provided the following analysis:

ESTIMATED REVENUE IMPACT: The effective date of SB 304 moves all the impact of this proposal to FY26; withholding and estimated tax remittances reflecting the proposed rate reduction should not change until after November 1, 2025. Individual income tax collections are expected to decrease \$125.2 million for FY26 and \$90.3 million for FY27.

FY25: \$0

FY26: Decrease in individual income tax collections of \$125.2 million.

FY27: Decrease in individual income tax collections of \$90.3 million.

ANALYSIS: The Engrossed¹ version of SB 304 proposes to amend 68 O.S. § 2355 by replacing the graduated income tax rate structure with a single rate of 4.75% of Oklahoma taxable income. Additionally, this measure amends 68 O.S. § 2358, eliminating the personal exemption of \$1,000, the additional personal exemption for taxpayers 65 years of age or older in the amount of \$1,000, and the additional personal exemption for blind taxpayers in the amount of \$1,000. Also, the amount of standard deduction that is allowed to compute Oklahoma taxable income is increased. Charts on the following page show the current income tax brackets and current standard deduction amounts by income tax filing status, as well as the proposed standard deduction. All the proposals are effective for tax year 2025 and subsequent tax years.

ADMINISTRATIVE CONCERNS: Income tax withholding tables would require an adjustment on November 1, 2025. Most wage earners will have withholding under the
