Research Analysis

The committee substitute for SB687 transfers some administrative duties related to the sales tax rebate program for broadband equipment purchases to the Oklahoma Broadband Office (OBO). The OBO will take over claims processing and reporting requirements from the Oklahoma Tax Commission for purchases incurred in calendar year 2025 and subsequent years. Fiscal Analysis

In its current form, SB687 transfers some administrative duties related to the sales tax rebate program for broadband equipment purchases to the Oklahoma Broadband Office. The committee substitute does not include the \$15,000,000 appropriation for the Oklahoma Broadband Revolving Fund.

This measure is not expected to impact state revenue.

Officials from the Oklahoma Broadband Office indicate that the agency may require additional funding to perform the administrative duties outlined in the bill.
