Bill Analysis

HB 1277 provides specific reasons for which a teacher's license or certificate can be revoked or suspended by the State Board of Education. The measure prohibits the Board from having the authority to summarily revoke or suspend a certificate pending an individual proceeding for revocation or other action, unless for a valid emergency. It prohibits the Board from moving to revoke or suspend a license or certificate unless the holder has received notice at least 10 days prior to filing of the complaint.
