

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	HB 2807
Version:	CS
Request No.:	1987
Author:	Sen. Coleman
Date:	04/17/2025

Bill Analysis

HB 2807 requires the Oklahoma Medical Marijuana Authority to issue licenses upon proper application by a licensee and determination by the Authority that the proposed site and facility are physically and technically suitable. The measure requires medical marijuana transporter licensees to issue licenses upon proper application by a licensee and determination by the Authority that the proposed site and facility are physically and technically suitable and apply for a license for each warehouse location. The measure provides that there shall be no limit to the amount of locations a licensee may operate provided he or she has a license for the facility. Such warehouses shall collect the information outlined in the measure from any licensed entity using the warehouse for temporary storage. The measure also repeals a provision providing for certain package requirements for medical marijuana products.

Repealer: [63 O.S. Section 431.1](#)
