

Bill Summary
2nd Session of the 60th Legislature

Bill No.:	SB 1212
Version:	INT
Request No.	2256
Author:	Sen. Sacchieri
Date:	12/03/2025

Bill Analysis

SB 1212 provides that counties found to have median assessed ratios within a deviation range of 0.75% of the assessment percentage of the county for each classification while also having a deviation range of 1.5% between each property classification shall be certified to the State Board of Equalization as being in compliance with the equalization ratio study requirements.
