Bill Analysis

SB 1374 directs federal funds appropriated to the State Department of Education for a child nutrition program to be used to provide school breakfasts and lunches at no cost to each qualifying student. The measure directs public schools that serve a school breakfast or school lunch to not charge a student a reduced-price copayment for the breakfast or lunch. It directs the Department annually by November 15 to electronically submit a report to the Legislature with an overview of child nutrition programs offered in public schools. It also directs the Legislative Office of Fiscal Transparency to audit the State Department of Education Child Nutrition Programs by December 15, 2026, and submit the findings to the Legislature.
