Bill Analysis

SB 1565 defines the Transforming Maternal Health (TMaH) Model as it relates to the state Medicaid program as a payment and service delivery model developed by the Centers for Medicare and Medicaid Services (CMS) Center for Medicare and Medicaid Innovation. The model shall support participating agencies in the development of a whole-person approach to pregnancy, childbirth, and postpartum care as well as improve outcomes. The measure authorizes the Oklahoma Health Care Authority to accept and expend federal funds, grants, cooperative agreements, or demonstration model funding awarded by the CMS. The funding shall be used to support services such as nutritional programs.
