**Bill Analysis**

SB 1580 creates a rebuttable presumption that joint custody and equally shared parenting time is in the best interest of the child. The measure also creates a rebuttable presumption for a parent that is forced to register under the provisions of the Sex Offenders Registration Act, the Mary Rippy Violent Crime Offenders Registration Act, or a similar registration in another state. Such a presumption shall presume that sole custody, joint legal or physical custody, or any shared parenting plan with the parent subject to any of the above acts is detrimental and not in the best interest of the child.
