

**Bill Summary**  
2<sup>nd</sup> Session of the 60<sup>th</sup> Legislature

<b>Bill No.:</b>	<b>SB 1663</b>
<b>Version:</b>	<b>INT</b>
<b>Request No.</b>	<b>2501</b>
<b>Author:</b>	<b>Sen. Burns</b>
<b>Date:</b>	<b>01/14/2026</b>

**Bill Analysis**

SB 1663 requires all health benefit plans to include coverage for cooling systems used in connection with chemotherapy treatment. Such coverage shall not be subject to annual deductibles, co-payments, or coinsurance limits. If applying this requirement would result in health savings account ineligibility, the provisions of this measure shall only apply to health savings accounts with qualified high deductible health plans with respect to the deductible of such a plan after the enrollee has satisfied the minimum deductible.
