**Bill Analysis**

SB 1700 directs the Purchasing Division of the Office of Management and Enterprise Services to create a State Purchasing Portal. The Portal shall allow the public to view a record of purchases made by state agencies, entities, and instrumentalities. Each listed entity shall be required to submit a record of each purchase within 30 days to the Division. The Division shall have 30 days after receipt of such information to place the items on the Portal.
