

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1734
Version:	CS
Request No.:	3723
Author:	Sen. Seifried
Date:	02/25/2026

Bill Analysis

SB 1734 creates the Oklahoma Responsible Technology in Schools Act. It directs artificial intelligence tools used for instructional or educational purposes in public school districts to be implemented under the direction of an educator. It provides guidelines for use of artificial intelligence in school districts. The bill requires school districts to provide parents and legal guardians of students with a written disclosure, not less than annually, regarding use of artificial intelligence in the districts. It allows a parent or legal guardian to provide written notice opting a child out of participating in student-facing AI tools. It directs the State Department of Education to develop guidance regarding responsible use of artificial intelligence and emerging technologies, and it directs school district boards of education to adopt policies governing such use prior to the beginning of the 2027-2028 school year.
