Bill Analysis

SB 1834 creates the Oklahoma Main Street Revitalization Revolving Fund to be managed by the Oklahoma Department of Commerce. The measure authorizes applicants to request a grant to match investments seeking to develop, construct, or improve the quality of life in certified Main Street communities. The measure provides that applicants who previously received funding shall receive lower priority when considering future grants. The measure also specifies that a political subdivision and all its public trusts and similar subordinate entities shall be treated as one qualified entity if multiple applications originate from the same area.
