<b>Bill No.:</b>	<b>SB 1836</b>
<b>Version:</b>	<b>INT</b>
<b>Request No.</b>	<b>2759</b>
<b>Author:</b>	<b>Sen. Kirt</b>
<b>Date:</b>	<b>0120/2026</b>

**Bill Analysis**

SB 1836 requires physicians, osteopathic physicians, Advanced Practice Registered Nurses, and physician assistants that provide direct client care to provide an evidence-based, validated mental health screening instrument as prescribed by the State Board of Medical Licensure and Supervision to each patient during or before a routine primary care visit at least once annually.
