Bill Analysis

SB 1867 prohibits the Turnpike Authority from charging a toll on a turnpike that has had an average annual daily traffic volume of less than 25,000 vehicles for the 5 years preceding the effective date of this measure. The measure also prohibits charging a toll on a turnpike that has had less traffic than 25,000 vehicles for 5 consecutive years. The measure authorizes the Authority to reinstate a toll on such a turnpike if it has maintained an average volume greater than 25,000 vehicles for 5 consecutive years.
