Bill Analysis

SB 1905 prohibits any person from providing transgender-associated procedures, medications, treatments, hormones, or pharmaceuticals to any person in the state. This prohibition shall not prohibit a physician from providing treatment for gender dysphoria solely as a mental health condition aimed at reconciling the patient with his or her biological sex at birth. Any person convicted of violating this prohibition shall be guilty of a felony. Physicians who provide such a service shall be subject to disciplinary procedures from their licensing board. The measure authorizes the Attorney General to prosecute violations and bring civil action for violations.
