**Bill Analysis**

SB 1914 lowers the legal limit a person is considered driving under the influence from 0.08 to 0.05 blood or breath alcohol concentration. The measure strikes the requirement for persons found guilty of driving under the influence to pay \$100.00 to the Drug Abuse Education and Treatment Revolving Fund. The measure strikes language providing that a deferred judgement shall only be considered to constitute a conviction for a period of 10 years following the completion of any court-imposed probationary term. The measure modifies evidentiary hearings relating to driving under the influence by removing language requiring the hearing to cover whether the specimen was obtained from the person within 2 hours of the arrest. The measure also repeals obsolete language relating to driving under the influence.

**Repealer:** [47 O.S. Section 11-902](#)
