

Bill Summary
2nd Session of the 60th Legislature

Bill No.:	SB 2016
Version:	INT
Request No.	2854
Author:	Sen. Standridge
Date:	01/26/2026

Bill Analysis

SB 2016 directs the Oklahoma Department of Career and Technology Education in its administration of federal Carl D. Perkins Career and Technical Education Act of 2006 funds to prioritize allocation to support expansion of certain course availability, establish performance incentives for technology center school districts, require that certain funds be dedicated to initiatives promoting high school enrollment, and collaborate with the State Board of Education and the Oklahoma State Regents for Higher Education to determine if career and technology courses are eligible for academic credit toward graduation or for college credit. It directs the Department to electronically submit an annual report regarding high school enrollment in certain technology center school programs, outcomes related to credentials and transitions to postsecondary education, and information on the distribution of federal funds.
