Bill Analysis

SB 699 directs that a school district be given an opportunity to request a hearing before the State Board of Education prior to the Board taking action on classifying a school site or district with deficiencies, warning, probation, or nonaccredited accreditation status. It directs the district be provided notice of the right to a hearing by certified mail. It states that failure of the district to request a hearing within ten business days of receipt of the notice is considered a waiver of the right to a hearing. The measure directs the State Board of Education to promulgate rules establishing due process procedures.
