Bill Analysis

SB 804 directs the State Commissioner of Health to promulgate rules governing the minimum standards for resident care as it relates to the provisions of the Continuum of Care and Assisted Living Act. Such standards shall address medication and administration records, medication storage and disposal, and medication administration orders. Additionally, the Commissioner shall promulgate rules providing for execution of a plan of care and a resident service contract with the resident or resident's representative. The measure requires each center to establish an internal quality assurance committee that meets at least quarterly. The measure specifies that resident rights include the freedom of choice regarding personal attending and other medical providers provided that the minimum standards are met by the provider.

House Amendments

HA's to SB 804 adds language relating to resident rights.
