#### Bill Summary and Fiscal Analysis:

SB 1332 directs the OWRB to establish the Targeted Housing and Responsible Infrastructure for Vital Economies (THRIVE) Communities Program to develop competitive zero-interest loans for eligible entities seeking to implement housing plans that need water, wastewater, or stormwater projects for housing development completion. The measure directs the Board to develop an application preference rating system for approval, provides that authorized loans include a clawback provision in funding agreements, requires the Board to publish an electronic annual report on their website regarding projects and the status of proposed and approved projects, timelines, completed housing units, unused or misaligned funds recaptured, and other information deemed necessary by the OWRB.

The measure creates the THRIVE Communities Program Revolving Fund and appropriates \$100,000,000.00 to the fund.

The OWRB states there is no fiscal impact outside of the appropriation.
