

Senate Fiscal Summary
2nd Session of the 60th Legislature

Senate Bill 1427

Version:	INT
Agency:	OHCA & OSDH
Senate Author:	Hicks
House Author:	
FY'27 Impact:	\$49,738
Full Year Impact:	\$74,607

**Bill Summary and
Fiscal Analysis:**

SB 1427 requires every child in this state to be screened by their primary care provider for type 1 diabetes when they are five and again when they are twelve. The measure allows these screenings to be Medicaid reimbursable and has OSDH seek out grant funding for the program.

OHCA estimates a total cost of \$218,533 with a state share of \$74,607 to carry out the provisions of this measure. Grant funding received by OSDH may help to reduce this cost.

Fiscal Impact provided by the OHCA, OSDH, and Senate Fiscal Staff
