

Senate Fiscal Summary
2nd Session of the 60th Legislature

Senate Bill 1443

Version:	Committee Substitute
Agency:	Oklahoma Health Care Authority (OHCA)
Senate Author:	Daniels
House Author:	
FY'27 Impact:	\$482,660
Full Year Impact:	\$482,660

**Bill Summary and
Fiscal Analysis:**

SB 1443 requires health benefit plans to consider the assessment of patient physical status, including the use of physical status modifiers, and the complexity and urgency of care as determined by a participant's treating physician or health provider in determining the necessity of services and calculation of benefit payment amounts for anesthesia services. Physical status modifiers shall be paid according to the corresponding base unit values to the treating physician or health care provider if the patient is ranked in categories outlined in the proposal.

The OHCA estimates a fiscal impact of \$482,660 to Medicaid for physical status modifier reimbursements. The Authority does not expect a fiscal impact to EGID.

Fiscal impact provided by the Oklahoma Health Care Authority and Senate Fiscal Staff.
