Version:	INT
Agency:	OHCA
Senate Author:	McIntosh
House Author:	
FY'27 Impact:	\$990,000 - \$1,650,000
Full Year Impact:	\$1,500,000 - \$2,500,000

**Bill Summary and
Fiscal Analysis:**

SB 1559 directs the Oklahoma Health Care Authority to conduct a three-year pilot program to test a direct primary care model for up to 1,000 members of the state Medicaid program.

The measure requires the pilot to begin no later than six months from the effective date of the measure, therefore OHCA does not believe a 1115 demonstration waiver would be possible. With a lack of federal participation, the pilot would be wholly funded with state dollars. OHCA estimates that the fiscal impact of this measure to be approximately \$1,500,000 - \$2,500,000 per year.
