

Senate Fiscal Summary
2nd Session of the 60th Legislature

Senate Bill 2010

Version:	INT
Agency:	SOK
Senate Author:	Stanley
House Author:	
FY'27 Impact:	\$100,000
Full Year Impact:	\$0

**Bill Summary and
Fiscal Analysis:**

SB 2010 codifies requirements for proof of lawful presence, requires certain licenses and identification cards to display statutory designations such as "Limited Term" and "Federal Limits Apply," and ties the expiration date of those credentials to the validity period of federal authorization documents.

Implementation of this measure would require updates to credential design to add the "Limited Term" and "Federal Limits Apply" designations to the card when applicable. These design changes would result in a one-time card redesign cost estimated at \$100,000. The bill does not modify license or identification card fees and is not expected to materially affect issuance volumes or revenue collections.

Fiscal Impact provided by Service Oklahoma.
