<b>FY'27 Impact:</b>	Undeterminable
<b>Full Year Impact:</b>	Undeterminable

### **Bill Summary and Fiscal Analysis:**

SB 2030 establishes a process for the Oklahoma State Bureau of Investigation (OSBI) to create and maintain a public online portal for individuals to submit an expedited expungement request for records. An expedited expungement request submitted through the portal will require the individual to provide enough personal identification information to allow the OSBI to locate the relevant criminal history record and contact information for notification purposes. Upon a request for expedited expungement, the OSBI will review the criminal history to see if it meets the criteria, and if deemed eligible, the OSBI will seal the record and notify the individual. If the OSBI fails to provide a sealing of the record or a notice of rejection, or if the individual disagrees with the rejection, the individual may petition the district court.

The Oklahoma State Bureau of Investigation is certain there will be a fiscal impact, but that is undeterminable at this moment.

Fiscal Impact provided by the Oklahoma State Bureau of Investigation.
