**Bill Summary and
Fiscal Analysis:**

SB 261 allows grants awarded under the Heritage Preservation Grant Program to be used for capital improvements or repairs.

The Oklahoma Historical Society will still allocate \$500,000 to \$600,000 annually to the program, and the maximum grant amount will remain \$25,000 as per their administrative rules. The biggest impact anticipated by the Society is an update to administrative rules and the proposal will likely increase the number of applications received.
