

BILL SUMMARY
1st Session of the 60th Legislature

Bill No.:	HB1565
Version:	FA1
Request Number:	
Author:	Rep. Duel
Date:	3/3/2025
Impact:	\$0

Research Analysis

The floor amendment for HB 1565 provides that report must be made upon receipt of a referral prior to the referral being screened out.

HB 1565 requires each referral received by the hotline alleging abuse or neglect in which the alleged perpetrator is not someone responsible for the child be immediately reported in writing to the appropriate local law enforcement. The hotline supervisor must ensure that the report has been made. The Department of Human Services must maintain a record of its transmission of each record to law enforcement.

Prepared By: Suzie Nahach, House Research Staff

Fiscal Analysis

In its current form, HB 1565 requires the Department of Human Services (OKDHS) to ensure that Abuse and Neglect Hotline supervisors notify local law enforcement immediately, in writing, when a referral of abuse or neglect is received, and the alleged perpetrator is not the child's legal guardian. The measure requires OKDHS to maintain a record of each report made to law enforcement.

OKDHS officials confirmed the provisions of the measure are feasible within existing resources. Therefore, HB 1565 is not expected to have a direct fiscal impact on the state budget or appropriations.

The floor amendment does not change the fiscal impact of the measure.

Prepared By: Alexandra Ladner, House Fiscal Staff

Other Considerations

None.
