Fiscal Analysis

In its current form, HB 1812 outlines the requirements and responsibilities of physicians overseeing the prescribing practices of Advanced Practice Registered Nurses (APRN). The State Board of Osteopathic Examiners is to promulgate rules establishing the expectations for providing proper supervision to APRNs.

The Board is a non-appropriated state agency; therefore, the provisions of this measure are expected to be absorbed within the agency's existing resources. As a result, HB 1812 is not anticipated to impact the state budget or appropriations.
