Research Analysis

HB 2981, as introduced, requires school boards to post all meeting minutes to the district website within two weeks of the board approving the minutes. The minutes must be accessible within two clicks of the district's main page. Failure to comply will result in an administration and organization deficiency during the district's accreditation review.

Fiscal Analysis

House Bill 2981 amends statutory language relating to the preparation and maintenance of local board of education meeting minutes. The measure applies to school districts and does not appropriate funds or create new duties for state agencies beyond minor administrative guidance updates. Any associated implementation costs are expected to be absorbable within existing budgetary resources. Therefore, the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
