

BILL SUMMARY
2nd Session of the 60th Legislature

Bill No.:	HB 3411
Version:	FULLPCS1
Request Number:	16212
Author:	Rep. George
Date:	2/18/2026
Impact:	Please see previous summary of this measure

Research Analysis

The proposed committee substitute 1 to HB 3411 requires the Department of Environmental Quality (DEQ) to regulate the land application of biosolids.

This measure requires:

- DEQ to purchase equipment necessary to test for PFAS in biosolids;
- DEQ to propose rules necessary to implement this section including an approval process for alternative biosolid treatment methods no later than January 1, 2028;
- A sample of all biosolids meant for land application to be tested before application occurs; and
- Written notice describing the potential hazards related to biosolids must be given to farmers and ranchers whose lands are being applied with biosolids by the entity providing the biosolids.

This measure prohibits:

- Biosolid application on land used for crops for human consumption; and
- The application of biosolids to the same place more than once every other year.

Prepared By: Douglas Amos, House Research Staff

Fiscal Analysis

The measure is currently under review and impact information will be completed.
