

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1092
Version:	CS
Request No.:	1612
Author:	Sen. Guthrie
Date:	02/20/2025

Bill Analysis

SB 1092 directs the Oklahoma Medical Marijuana Authority to require all medical marijuana commercial growers licensed as an indoor grow facility operating within the corporate limits of a municipality to submit an odor control plan on or before January 1, 2027. Additionally, the measure requires such medical marijuana businesses receiving 3 or more odor complaints to submit an odor control plan to the Authority.
