

Bill Summary
2nd Session of the 60th Legislature

Bill No.:	SB 2112
Version:	INT
Request No.	2959
Author:	Sen. Murdock
Date:	01/28/2026

Bill Analysis

SB 2112 authorizes cattle to be unrestrained or to run at large through designated open pasture roads. The measure also provides that if property is damaged by a motor vehicle on such roads, the driver of the motor vehicle shall be liable for such damages. The measure strikes language providing for open pasture roads to meet certain requirements prior to receiving the designation and instead authorizes the board of county commissioners to designate such roads.
